

Hiding an Account

Online Banking Guide

1. From the menu bar, tap Preferences then Account Preferences.

2. From the **Account Preferences** menu, tap the account that you'd like to hide. The account options will display – tap **Visible**.

3. Select **Yes, hide** on the warning screen. Your account is now hidden from view within Online Banking. *Note: This will not affect statement delivery.*

4. To **Unhide** an account, from the **Account Preferences** screen – scroll to the bottom and find the **Hidden Accounts** section. Click the **Hidden** button to unhide.

You will see a confirmation that your account is now visible on the overview page.
